

REMARKS

Claims 1-10 and 13-15 are currently pending in the present application. Claims 11 and 12 have previously been cancelled without prejudice. Amendments have been made to the claims for clarity. The claims and specification have been amended to recite the term "cylinder part" to refer to the element identified by reference numeral 4. Headings have also been added to the specification. Claim numbers referenced within the specification have also been removed. Further, the abstract has been amended to remove reference numerals and for clarity. No new matter has been added.

Please consider the discussion of the references submitted with the August 18, 2008 Amendment.

Reconsideration is respectfully requested.

SUMMARY

Having carefully addressed all the rejections of the Examiner in the May 16, 2008 Office Action, it is respectfully asserted that the claims properly define the invention and that the invention is both novel and non-obvious. Allowance of the present claims is earnestly solicited.

Applicants respectfully request that the Examiner call the undersigned with any questions regarding this response to expedite the prosecution of the application.

Respectfully submitted,
